State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Normal Operations	Normal Operations	Normal Operations	Normal Operations

Cal OES COASTAL REGION

- Nothing significant to report.

Cal OES INLAND REGION

Train Derailment, Stockton, San Joaquin County, SPILL: 18-3634

On 06/05/18 at 0537 hours, the California State Warning Center (CSWC) received report from the Burlington Northern Santa Fe Railway (BNSF) that 5 train cars derailed in an unknown position, due to unknown causes.

- The cars were carrying non-hazardous materials.
- There were no injuries reported and no release of hazardous materials.
- A BNSF mechanical foreman is on scene to investigate.
- Two mainlines, which are also passenger routes, have been blocked. There is no estimated time of reopening.
- CSWC made all notifications per SOP.

Cal OES SOUTHERN REGION

Virulent Newcastle Disease (vND) in Chickens, Los Angeles and San Bernardino Counties

The California Department of Food and Agriculture (CDFA) has detected virulent Newcastle Disease (vND) in chickens in Los Angeles and San Bernardino Counties.

- CDFA and the U.S. Department of Agriculture (USDA) have scaled up their response to this incident, as more cases have been detected.
- CDFA confirmed that there are no commercial premises currently involved and there is no public health risk due to this virus.
- 1 AmeriCorps San Diego Spanish language interpreter responded to conduct surveillance (education/outreach), with a two week rotation.
- California Volunteers, local voluntary organizations active in disasters (VOAD), and faith-based organizations continue to assist the Agency Representative (AREP) in locating Spanish language interpreters.
- The USDA National Incident Management Team (IMT) arrived on 06/01/18 and teamed up with CDFA personnel at the CDFA Ontario District Office. Each section is being briefed by CDFA personnel.
- The Cal OES AREP is facilitating contact with San Bernardino County Waste Management-Public Works to determine the possibility of using sites for disposal of dead birds.

Activations

- San Bernardino Operational Area (OA) Emergency Operations Center (EOC) is activated to Level 3 (lowest level) and will continue to monitor the incident.

Deployments

- 1 Cal OES Southern Region Senior Emergency Services Coordinator (Sr. ESC) deployed to the CDFA/USDA ICP as an AREP with an operational period of 0700-1900 hours.
- 1 Cal OES Logistics Section Chief (Log Chief) deployed to the CDFA/USDA ICP with an operational period of 0700-1900 hours.

Logistics

Per the Cal OES Southern Region AREP on 06/04/18 at 0828 hours:

- Cal OES Southern Region along with Cal OES Logistics continue to assist CDFA in identifying a facility to expand operations in the immediate area of the CDFA district office in Ontario, San Bernardino County.
 - The Agency Representative coordinated with the County and city of Ontario for possible use of a facility at the Ontario International Airport. The information was forwarded to the Logistics Chief and ICP Incident Commanders. Ontario International Airport Authority (OIAA) will be contacted to inquire about an appointment to discuss usage of the facility as an ICP.
 - Negotiations continue.

WEATHER OF CONCERN

Weather of Concern

For the early part of next week, subtropical high pressure will expand westward across Southern California bringing a warming trend with high temperatures warming to around 10 degrees above average by the middle of next week.

Weather Advisories, Watches, and Warnings currently active in California:

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca>

Active Weather Warnings, Watches and Advisories by County:

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER SYNOPSIS BY REGION

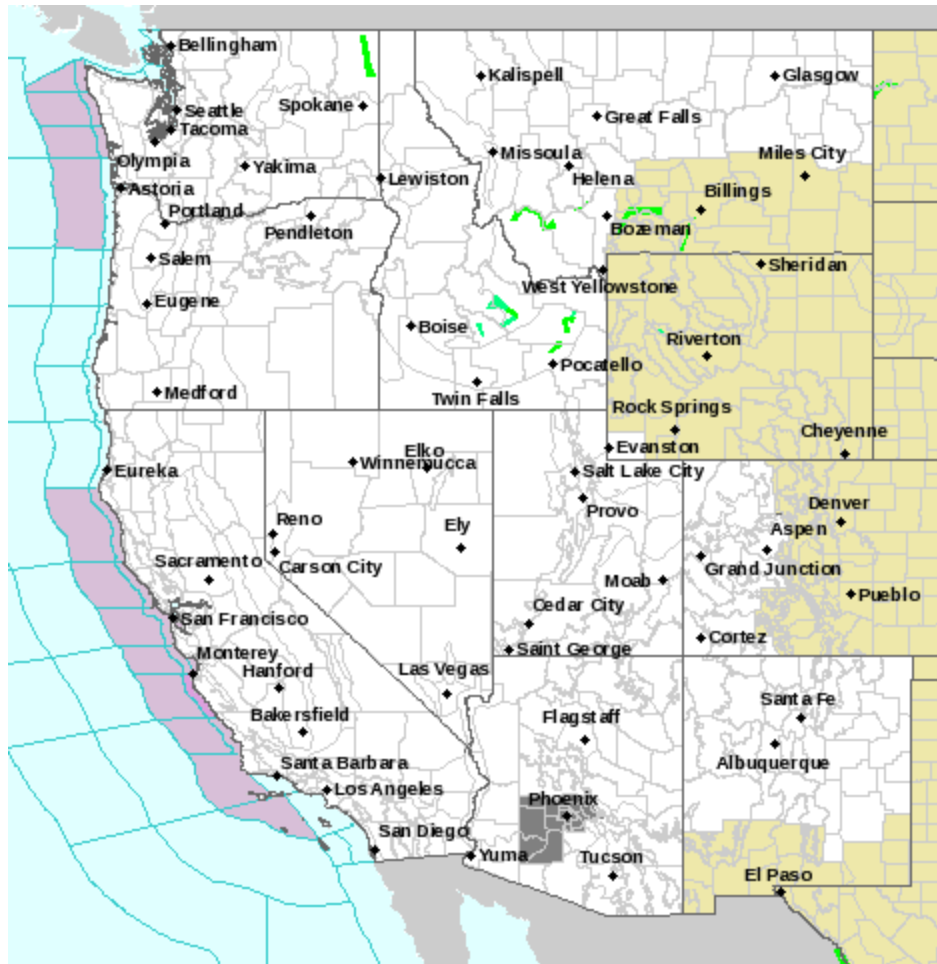

NORTHERN CALIFORNIA

A weak low pressure system moving through the region will bring cooling temperatures through the middle of the week. Temperatures will remain near normal into the weekend, with dry conditions continuing throughout the period.

SOUTHERN CALIFORNIA

A weak trough of low pressure will gradually push into the West Coast through Wednesday before weakening over the region heading into this weekend. This will support cooler conditions with widespread night to morning low clouds to coastal areas through Wednesday with temperatures rebounding heading into this weekend.
